Warning: Individuals with bipolar (manic) depression should not take SAME unless under professional medical supervision.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

protects it from degradation.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet 1 to 2 times daily, preferably on an empty stomach. **Refrigeration recommended after opening.**

SAME (S-adenosylmethionine), a compound native to the body, is a critical component of many biochemical reactions, including those that affect brain biochemistry and joint health. Numerous studies have indicated that SAME can help to temporarily alleviate aches and pains resulting from overexertion or stress. Therefore, SAME is an all natural product that can be part of a nutritional program for pain management. In addition, because SAME is also necessary for the synthesis of neurotransmitters, it plays an important role in the regulation of mood. NOW® SAME is enteric-coated, which makes it very well tolerated and protects it from degradation.*
