***This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.**

Coenzyme Q10 is a vitamin-like compound also called ubiquinone. It is an essential component of cells and is necessary for mitochondrial energy production. Years of research has shown that CoQ10 supports healthy cardiovascular and immune system functions in addition to its vital role in energy production.* Our Coenzyme Q10 is produced exclusively in Japan through a natural fermentation process. Look for other fine NOW® products in health food stores nationwide.

SUGGESTED USAGE: As a dietary supplement, take 1 Vcaps™ 1 to 3 times daily, preferably with meals. We highly recommend taking this product with a source of essential fatty acids such as NOW® Flax Oil, Evening Primrose Oil, Borage Oil or Omega-3 Fish Oil.
