SUGGESTED USAGE: As a dietary supplement, take 2 tablets 1-2 times daily with meals. If intestinal gas occurs, reduce dosage.

MSM (Methylsulphonylmethane) is a natural form of sulfur

found in all living organisms. This natural compound,

researched since 1979, provides the chemical links needed

to form and maintain numerous different types of tissues

found in the human body, including connective tissue such as

articular cartilage.* While MSM is a natural component of

almost all fresh fruits, vegetables, seafood and meat, food-

processing methods reduce sulfur levels, making supple-

mentation more important than ever. NOW® MSM is tested
