

100% EGG PROTEIN POWDER FACTS

- Egg white protein is an excellent source of protein concentrated in valuable amino acids and offers a substitute for whey protein.
- The egg white protein used in this formula is specifically processed in a way that ensures it is highly bio-available and delicious.^{***}
- Egg protein is particularly rich in the important amino acid methionine, which is involved in numerous important processes in the body and supports liver health.^{***}
- Good source of fiber, providing five grams per serving.
- The use of stevia and a very small amount of organic evaporated cane juice sugar makes this formula include three grams of sugar per serving.
- Biochem's 100% Egg Protein Powder includes FOS, which helps support healthy digestion.^{***}
