Timed Release
Two-Stage Mega B-Stress

The Promise of the Rainbow™

Description:

This product is formulated using a special two-stage, timed-release technology. The two-stage ingredients are designed so that half are intended to be rapidly released while the other half are intended to be gradually released over 6-8 hours.** The two-stage ingredients include Vitamin C, Thiamine, Riboflavin, Niacinamide and Vitamin B-6. The two-stage, timed-release technology helps to extend the availability of these vitamins to the body over a longer period of time. **Based on in-vitro dissolution tests designed to simulate the digestive process. Individual results may vary.

Product #: 4241

Size: 120ct
