Supports Healthy Cholesterol Levels
Supports Healthy Body Weight*

Package Description: 60 Tablets, 30 day supply
Serving Size: 1 tablet (twice a day)
Number of Servings: 60

SignalLEAN Plus® - One Pill. Two Great Benefits.

For people who want to take control of both their weight and their cholesterol, SignalLEAN Plus® is Purity's next-generation evidence-based solution. SignalLEAN Plus features two proven active ingredients to help support both healthy weight management* and cholesterol levels.+

The patented active weight management ingredient in SignalLEAN Plus®, P12, is a unique protein derivative found only in potatoes. Clinical studies reveal that P12 molecules help set in motion the process by which a chemical signal is sent from the stomach to the brain, telling you that it's time to stop eating. This can help you feel full faster and stay satisfied longer.*

The active cholesterol management ingredient in SignalLEAN Plus® is plant sterols. Plant Sterols are clinically proven to support healthy cholesterol levels and may help reduce your risk of heart disease.+ Supporting healthy cholesterol levels goes hand in hand with any sensible weight management plan, which is why SignalLEAN Plus® is the ideal supplement for dieters.

SignalLEAN Plus®:

- Naturally Manages Appetite and Hunger*
- Supports Healthy Cholesterol Levels+
- Supports Healthy Body Weight*
- 100% Natural Patented Extract

For weight management, results will vary with each individual. Weight loss will likely not exceed 1-2 pounds per week and must be part of a reduced calorie diet in conjunction with regular exercise.

+ Dietary supplements containing at least 400 mg per serving of plant sterols, taken twice a day with meals for a total of at least 800 mg, as part of a diet low in saturated fat and cholesterol, may reduce the risk of heart disease

If you have high cholesterol or are taking prescription medication to control your cholesterol, please consult your health care professional before taking this product

This product contains no milk, eggs, wheat, tree nuts, fish, shellfish or gluten.

SUGGESTED USE:* As a dietary supplement, adults take 1 tablet twice daily preferably 30 to 60 minutes prior to your two largest meals.

Supplement Facts

Serving Size: 1 Tablet
Servings Per Container: 60
