Do Not Eat Freshness Packet. Keep in Bottle.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

L-Lysine is an essential amino acid, which means that it cannot be manufactured by the body and must be obtained through the diet or by supplementation. Lysine is necessary for the production of all protein in the body including hormones, enzymes, and antibodies, as well as carnitine and collagen, which is the structural protein forming all connective tissue such as skin, tendon, and bone. L-Lysine also plays a major role in calcium absorption. Some evidence suggests that L-Lysine supplementation may help to support a healthy immune system as well as proper cardiovascular function.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet 1 to 2 times daily, with or between meals. Consider taking these other NOW® products: L-Proline, Zinc and Allibiotic CF™.

Double Strength L-Lysine

ESSENTIAL AMINO ACID

1,000 mg

- Supports Healthy Connective Tissue
- Supports Calcium Absorption*

100 Tablets

A Dietary Supplement Vegetarian/Vegan
