**SUGGESTED USAGE:** As a dietary supplement, take 1 Vcap® 2 to 3 times daily as needed. **Continuous high level consumption of this product for more than two weeks each month is not recommended.**

Echinacea (purple coneflower) is a native American herb that was once widely used by the Plains Indians and is now used by millions of consumers worldwide. Our Premium Echinacea is standardized to a minimum of 4% Echinacosides, an active measurable component in Echinacea. We add synergistic *Echinacea purpurea* Root to complement the standardized Echinacea.

Caution: Please discard the inedible freshness packet enclosed.

Warning: Not to be used in autoimmune conditions.
