Country Life®

Dietary Supplement

30 Gel Chews

Country Life's Omega Surge™ provides the following benefits over traditional Omega Softgels:

- Enhanced delivery
- No fishy repeat after consumption

Omega Surge™ 3-6-9:

- Delivers highly concentrated EPA, DHA, and DPA from Omega 3 rich fish oil
- Contains highly concentrated GLA from Borage Seed oil
- Delivers ALA from cold pressed Flax Seeds
- Has been highly purified and tested for heavy metals such as mercury, lead, PCBs, and Dioxins
- The Omega 3 rich fish oil has been molecularly distilled to uphold the highest level of purity

Directions: Adults, chew two (2) gel chews daily. As a reminder, discuss the supplements and medications that you take with your health care providers.

New from Country Life! Omega Surge™ is an innovative technology that delivers valuable Omega 3-6-9 fatty acids from flax seed oil, borage seed oil, and highly purified fish oil in the new, unique form of a fun, tasty emulsified gel chew.
Omega Surge™ was developed using a new, innovative and patent pending technology called ConCordix® that pre-emulsifies the oils and then captures the concentrated omegas through a unique gel matrix. The pre-emulsification process takes valuables Omega fatty acids and converts them into micro droplets before they are sealed in a gel form. By dividing these omega fatty acids into micro droplets, a greater surface area of the oil is exposed, upon ingestion, to important digestive processing agents such as enzymes.***
The ConCordix® technology creates the unique combination of pre-emulsified omegas delivered in tasty gel chews for an enhanced delivery system of Omega fatty acids.
