V3

Do Not Eat Freshness Packet Enclosed.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As a dietary supplement, take 1/4 level teaspoon daily, preferably with a meal. Consider taking these other NOW® products: L-Proline, Zinc and AllBiotic CF™.

L-Lysine is an essential amino acid, which means that it cannot be manufactured by the body and must be obtained through the diet or by supplementation. Lysine is necessary for the production of all protein in the body including hormones, enzymes, and antibodies, as well as cartilage and collagen, which is the structural protein forming all connective tissue such as skin, tendon, and bone. L-Lysine also plays a major role in calcium absorption. Some evidence suggests that L-Lysine supplementation may help to support a healthy immune system as well as proper cardiovascular function.*

L-Lysine

ESSENTIAL AMINO ACID

100% Pure Powder

- Supports Healthy Connective Tissue
- Supports Calcium Absorption*

Net Wt. 1 lb. (454 g)

A Dietary Supplement
