Acai is an antioxidant rich fruit that grows on top of lush palm trees in the heart of the Amazon Rainforest. Green Tea contains an abundance of antioxidants as well as caffeine to help jump start your metabolism.

This synergistic formula also provides you with 100 mcg of Chromium and Fucoxanthin, a carotenoid from seaweed that may also help with weight management.

Now you can get the energizing and weight management benefits of Acai and Green Tea everyday with AçaíSlim™.
