As with most green foods, kelp also contains vitamins and cell salts essential for good nutrition.*

Kelp is a large, leafy brown algae that belongs to the seaweed family and grows in the colder waters of the world's oceans. It is a good source of marine minerals, including potassium, magnesium, calcium and iron. It is also an excellent source of iodine, which has been shown to support healthy thyroid function. Your thyroid gland is responsible for producing the hormones that support normal cellular metabolism. As with most green foods, kelp also contains vitamins and cell salts essential for good nutrition.*

Whole Foods.

NOW® Kelp delivers the natural nutrient profile found in Genuine Whole Foods.

Energy™, L-Tyrosine and Organic Virgin Coconut Oil.

SUGGESTED USAGE: As a dietary supplement, take 1 tablet daily,

preferably with meals, or as directed by your health care practitioner.

Consider taking this product in combination with NOW® Thyroid

Energy™, L-Tyrosine and Organic Virgin Coconut Oil.
