*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

D-Mannose is a simple sugar that occurs naturally in some plants, including cranberries. Although small amounts of D-Mannose are metabolized by the human body, much of it is rapidly excreted in the urine. In the bladder, D-Mannose can adhere to undesirable foreign substances, preventing them from sticking to the lining of the bladder. Because insubstantial amounts of D-Mannose are used by the body, it does not interfere with blood sugar regulation.*

SUGGESTED USAGE: As a dietary supplement, take 3 capsules 1 to 3 times daily. Take with water or unsweetened juice, such as unsweetened cranberry juice. Consider taking this product in combination with NOW® Cranberry, VitaBerry Plus+™ and Gr8-Dophilus™.

D-Mannose

HEALTHY URINARY TRACT
