NOW® Organic Inulin is a fructooligosaccharide that acts as a prebiotic, stimulating the growth of friendly and healthy intestinal bacteria, which supports good colon health.* Since it also has a very low glycemic index, it is suitable for many people who are on restricted diets. Add it to your favorite beverage or food. Its taste is comparable to sugar and can be used as a sugar replacer.

SUGGESTED USAGE: As a dietary supplement, take 1 level teaspoon 1 to 2 times daily. Mix into your favorite beverage or food. Consider taking this product in combination with NOW® Gr8-Dophilus™, Triphala and Green PhytoFoods.
