The Mangosteen (*Garcinia mangostana*) Fruit has been treasured for thousands of years by the people living in Southeast Asia. Also known as the "Queen of Fruits", the Mangosteen has been used traditionally for its numerous health benefits. More recently, scientific inquiry has revealed the extraordinary properties of the Mangosteen and its rich supply of antioxidants called Xanthones.

Antioxidant Protection

The Mangosteen fruit contains a number of Xanthones and Proanthocyanidins. These powerful antioxidants help to neutralize and eliminate free radicals, and thus support healthy cellular function. NOW® Mangosteen SuperFruit Antioxidant Juice also contains Goji Juice, and concentrates of Pomegranate, Blueberry, Cranberry, and Black Cherry which boost the ORAC value to over 19,000 per bottle.

Cardiovascular Support

In addition to its powerful antioxidant properties, some evidence also indicates that the compounds in Mangosteen can support cardiovascular health, as well as a healthy inflammatory response.
