Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Inositol Hexaphosphate (IP-6), also known as phytate, is a component of certain dietary fibers found in beans, brown rice, corn, sesame seeds, and other high fiber foods. IP-6 has been found to promote proper calcium crystallization processes in bone, renal, and vascular tissues. IP-6 can inhibit oxidative reactions initiated by iron, one of the major contributors to the proliferation of free radicals in the human body. In addition, IP-6 may support the healthy regulation of cellular growth and reproduction, as well as enhanced activity of NK cells.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 2 to 3 times daily, preferably on an empty stomach. Consider taking these other NOW® products: Olibwa Herbal Extract, AHCC® and EGCG.

Inositol Hexaphosphate

HEALTHY CELL GROWTH & REPRODUCTION*

800 mg - IP-6

- Proper Calcium Metabolism
- Fights Oxidized Iron*

100 Veg Capsules

A Dietary Supplement
Vegetarian/Vegan
