Digest Platinum™ is a proprietary, one-per-meal enzyme formula that is Non-GMO, vegetarian and contains digestive enzymes produced through controlled fermentation of select microbial species. This full spectrum, high activity digestive formula aids in the breakdown of protein, carbohydrate and fat. Unlike other enzyme formulas, Digest Platinum™ is enhanced with specialized enzymes for the digestion of fibers, sugars, and other normally indigestible plant constituents, improving the bioavailability and nutritional value of fruit, vegetable and grain nutrients while reducing the discomfort sometimes experienced from these foods. In addition, these enzymes remain stable through a range of pH levels, and therefore

SUGGESTED USAGE: As a dietary supplement, take 1 capsule with or before each meal. One capsule has enough enzyme activity to help efficiently digest the food in an average well-balanced meal.
