Net 16 fl. oz. (473 mL)

A Dietary Supplement Vegetarian Formula

SUGGESTED USAGE: Shake well before use. As a dietary supplement, take 1 teaspoon (5 mL) just before eating a full meal. For adult use only. Consider taking this product in combination with NOW® Digest Platinum™ and Betaine HCl.

Bitter herbs have been used by herbalists for thousands of years to support healthy digestion. More recent scientific evidence demonstrates that bitter tastes encourage proper digestive processes. By promoting normal secretions by the stomach, pancreas, and liver, bitters help to synchronize the digestive process while supporting complete digestion and assimilation of food.*

Caution: For adult use only. Keep out of reach of children. If you are pregnant/lactating or taking any medications, please consult your healthcare practitioner prior to use. Long term, high level use is not recommended. Not to be used by those with high blood pressure, diabetes, liver disorders, kidney disorders, gastrointestinal disorders or hypokalemia unless recommended by your healthcare practitioner.
