Celadrin® Liposome Lotion.*

Celadrin® is a proprietary, all-natural fatty acid complex that has been shown to provide support for healthy joints. As demonstrated in clinical and non-clinical studies, Celadrin® supports healthy joint mobility as well as overall joint function, without dangerous side-effects. Non-clinical scientific studies have shown that Celadrin® is safe, well-absorbed, and easily utilized by the body. For even greater joint and mobility support, we recommend using these fast-acting softgels in combination with NOW®

SUGGESTED USAGE: As a dietary supplement, take 3 softgels daily. (Each 350 mg softgel is equivalent to a 500 mg dry powder capsule.)
