Many nutritionists and researchers refer to Alpha Liponic Acid (ALA) as the "universal antioxidant" based on its fat/water solubility. This allows it to travel to virtually any cell in the body to quench cell damaging oxidation. In addition, ALA has been shown to increase the free radical fighting abilities of other vitamins and antioxidants, especially C and E.

NOW® ALA 600 mg uses only the highest grade Alpha Liponic Acid available. To further support antioxidant activity, we've added 30 mg of Grape Seed Extract and 5 mg of Bioperine®, a potent compound that helps enhance the absorption of ALA.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 1 to 2 times daily, preferably with food.

Alpha Liponic Acid

UNIVERSAL ANTIOXIDANT*

600 mg - Extra Strength

With Grape Seed Extract
& Bioperine®

120 Veg Capsules

A Dietary Supplement Vegetarian/Vegan
