Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, the FDA has determined that this evidence is limited and not conclusive.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

achieveable with supplemental intakes higher than what is normally consumed in the average diet.*

Vitamin E is a major antioxidant and the primary defense against lipid peroxidation. It is particularly important in protecting the body's cells from free radical/oxidative damage. These protective benefits are

Fish or Flax Seed Oil.

with NOW® Advanced Gamma E Complex, CoQ10 and Omega-3

SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily,

preferably with meals. Consider taking this product in combination
