Glucosamine & Chondroitin are naturally occurring structural components

that have recently enjoyed growing popularity. Glucosamine is an amino

sugar derived from the chitin of shellfish and is used by the body to support

healthy joint structures. Chondroitin, Vitamin C and Manganese complement

Glucosamine and work synergistically to provide optimal nutritional support.*

SUGGESTED USAGE: As a dietary supplement, take 3 tablets daily with

meals or on an empty stomach. Consider taking this product in combination

with NOW® Celadrin® and D-Flame™.
