Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

NADH (Reduced Nicotinamide Adenine Dinucleotide), is the metabolic

essentially active form of Vitamin B3, also known as Niacin. NADH is

essential for the production of cellular energy (ATP) from glucose and

fat. Therefore, the more NADH a cell has available, the more energy

it has available to operate with optimal efficiency. NADH is also

directly involved in neurotransmitter production, the maintenance of

genetic integrity, and the support of proper immune system function.

Although NADH is normally unstable outside of the body, PANMOL®

NADH uses a patented process to naturally preserve its effective-

ness, thereby delivering stable and bioavailable NADH to the body.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule daily on an empty stomach. Take with 8 oz. of water, 30 minutes before a meal.

PANMOL

NADH

CELLULAR ENERGY PRODUCTION

20 mg

- Fights Fatigue
 - Supports Mental Alertness*
 - With 200 mg D-Ribose
- ### 30 Veg Capsules

A Dietary Supplement

Supplement Facts

Serving Size 1 Veg Capsule

Amount Per Serving

NADH (PANMOL®-NADH) 20 mg*

(Reduced β -Nicotinamide Adenine Dinucleotide)

D-Ribose (Bioenergy RIBOSE™) 200 mg*

* Daily Value not established.

Other ingredients: Cellulose (capsule), Cellulose Powder, Stearic Acid (vegetable source), Silica, Magnesium Stearate (vegetable source) and Beeswax.
