Vitamin C is perhaps the most popular vitamin known to man. It is consumed in a supplemental form by millions of people across the world for its antioxidant properties, which are well-documented in medical research. Calcium Ascorbate is an optimal nutritional supplement that combines Ascorbic Acid (Vitamin C) with Calcium Carbonate. By combining these two dietary ingredients, we have created a buffered source of Vitamin C that will not contribute to gastric irritation in sensitive persons.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 1 to 3 times daily, preferably with meals. Consider taking this product in combination with NOW® Bioflavonoid Caps, Grape Seed Extract, Pycnogenol® and Alpha Lipoic Acid.

ANTIOXIDANT PROTECTION*

Calcium Ascorbate-C

- Buffered, Non-Acidic
- With Bioflavonoids

250 Capsules

A Dietary Supplement
