Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, the FDA has determined that this evidence is limited and not conclusive.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Vitamin C is perhaps the most popular vitamin known to man. It is consumed in a supplemental form by millions of people across the world for its antioxidant properties, which are well-documented in medical research. C-1000 provides a potent dosage of this key vitamin and is blended with Rose Hips and Bioflavonoids, which are natural synergists to Vitamin C.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet daily, preferably with meals. Consider taking this product in combination with NOW® Bioflavonoid Caps, Grape Seed Extract, Pycnogenol® and Alpha Lipic Acid.

C-1000
