

CAPSULE SIZE

Made in the USA

CODE 0692 V3

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Vitamin C is a water soluble nutrient well known for its vital role in the immune system. Vitamin C is also necessary for the production of collagen (a structural protein in connective tissue) and is therefore important for skin, bone and joint health. Vitamin C is needed for amino acid metabolism, hormone synthesis and the utilization of many nutrients, such as folic acid and iron. It is also a highly effective antioxidant that can protect the body's cells and molecules from damage by free radicals and reactive oxygen molecules generated during normal metabolism and exposure to environmental stressors. This product includes Bioflavonoids, which work synergistically to support Vitamin C utilization.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule daily, preferably with a meal.

Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, the FDA has determined that this evidence is limited and not conclusive.

C-1000

ANTIOXIDANT PROTECTION*

with 100 mg of
Bioflavonoids

250 Capsules

A Dietary Supplement
