NOW Foods developed the glucosamine test method chosen as

the official AOACI industry standard method.

***These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.**

Glucosamine is an essential substrate for the formation of glycoaminogly-

cans (GAG's) and proteoglycans, which are the main components of car-

tilage tissue. GAG's and proteoglycans trap and hold water, forming a

dense fluid cushion within the joint and thus, provide lubrication and shock

absorption.* This unique product is suitable for vegetarians, because it

contains Glucosamine from a vegetarian source and not from shellfish.

Flame™

SUGGESTED USAGE: As a dietary supplement, take 2 Vcaps® 1 to 2 times daily with meals or on an empty stomach. Consider taking this product in combination with NOW® MSM, Hyaluronic Acid and D-

90 Vcaps®
