CAUTION: PLEASE DISCARD THE EDEDIBLE FRESHNESS PACKET ENCLOSED.

Keep bottle tightly closed in a cool, dark and dry place.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

DMAE (dimethylaminoethanol) is a natural amino alcohol that is found in

minute quantities in the brain. It is generally regarded as a precursor to choline, which is needed for the brain to produce acetylcholine, a neurotransmitter involved in nerve signal transmission and healthy brain function. Taken as a maintenance supplement, it works synergistically with other "smart nutrients" like Ginkgo Biloba, GABA, Phosphatidyl Serine and L-Tyrosine, or can be taken alone.* Look for this and other fine NOW® products in health food stores nationwide.

SUGGESTED USAGE: As a dietary supplement, take 1 Vcap™ 1 to 3 times daily, preferably between meals. Do not exceed suggested dosage unless recommended by a health care practitioner.

DMAE

(dimethylaminoethanol)

SUPPORTS BRAIN FUNCTION

250 mg

- Supports Neurotransmitter Production
- Healthy Mental Activity*

100 Vcaps®

A Dietary Supplement
Vegetarian Formula

Supplement Facts
