NOW® AlphaSorb-C® includes Transport C-PLUS®, the trademarked blend of Threonic Acid Enhanced Buffered (non-acidic) Calcium Ascorbate and Alpha Lipoic Acid. Threonic Acid (a Vitamin C metabolite) has been shown to enhance cellular uptake of Vitamin C. Alpha Lipoic Acid is an antioxidant known to help regenerate Vitamin C in the body. Furthermore, studies suggest that Alpha Lipoic Acid may enhance the body's utilization of Vitamin C. The addition of Bioflavonoids helps to create a well-absorbed, highly effective antioxidant that can protect the body's cells and molecules from damage by free radicals.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet daily, preferably with a meal.

AlphaSorb-C® 1000

ANTIOXIDANT PROTECTION
