

CODE 3159 VI

SUGGESTED USAGE: Shake well before using. As a dietary supplement, take 1 tablespoon (15 mL) 1 to 2 times daily. Can be taken directly, or mixed with water or juice. Consider taking these other NOW® products: Glucosamine, Chondroitin and MSM.

REFRIGERATE AFTER OPENING.

Hyaluronic Acid is a lubricant present in every tissue of the body, with the highest concentrations occurring in connective tissues such as skin and cartilage. As a constituent of joint fluid, Hyaluronic Acid also serves as a lubricant and plays a role in resisting compressive forces. Our formula combines this essential component with Vitamin D and other nutrients that are essential for the formation of collagen found in cartilage and connective tissue to support optimal joint health.*
