

SCIENTIFIC NUTRITION FOR ADVANCED CONDITIONING

PED™ is an innovative powdered drink that was designed to energize your mind and body for more powerful and effective workouts. It was formulated to increase alertness, elevate mood, improve physical stamina and enhance your overall sense of well-being. This product cannot only be used for high-intensity athletic activity, but also to ignite an energy and performance boost as needed. **

PED was designed to support and improve: **

Energy Levels	Mental Focus
Reaction Time	Stamina and Endurance
Strength	Performance

Suggested Use: Mix 1 scoop with 12 oz. of water and drink about 20 minutes before exercise. May also be used for desired effects at other times of the day as needed. Do not use close to bedtime or exceed more than 2 scoops within a 24 hour period.

WARNING: Consult a physician before use if you have been treated for or diagnosed with, or have a family history of, any medical condition(s). Keep out of the reach of children.

** These statements have not been evaluated by the FDA.
This product is not intended to diagnose, treat, cure, or prevent any disease.
