encouraging healthy gastro-intestinal function.*

Colostrum is the nourishing fluid produced by mammals as food for the newborn in the few days after birth, before milk production begins. This bovine-derived food supplement is rich in a variety of biologically active proteins, including immunoglobulins, Lactoferrin, and other factors that support the maintenance of lean muscle tissue, as well as a stronger immune system. Scientific studies have shown that Colostrum helps to increase bioavailability and absorption of nutrients into the body, while

NOW® Colostrum delivers the natural nutrient profile found in Genuine Whole Foods.

SUGGESTED USAGE: As a dietary supplement, take 1 teaspoon 1 to 2 times daily as needed. Consider taking this product in combination with NOW® Immune Renew™, AlphaSorb-C™ and Respi-All™.

Colostrum
