

The Latest Advancement in Weight Management Supplements.

Complete hCG Amino Acid Chain Raspberry-K - Acai - Cissus

With CYLODYN™, trūDERMA® presents a complete and effective alternative to the popular hCG diet. By combining the amino acids found in hCG with **Raspberry-K, Acai, Cissus, Green Tea, and Caffeine**, CYLODYN™ will help dieters to lose weight, lower body fat, and improve their mood while on a low calorie diet (VLCD).

*In a randomized, double blind placebo controlled trial, 153 patients received 300 mgs of Cyloodyn's primary ingredients per day for 8 weeks to assess the effects on Body Weight, BMI, Fat Loss, Blood Glucose, Serotonin and other health factors. Compared to placebo group the Cyloodyn™ group lost an average of 16 lbs, reduced their BMI by 1.57 Kg/m². Subjects also had noticeable improvements in cholesterol, resting blood glucose, and serotonin levels. For complete clinical study findings please visit:
