

CODE 1471 VI

Store in a cool, dry place. Please Recycle.

CAUTION: Do not consume potassium supplements if you have kidney disease or are using a potassium-sparing diuretic.

Potassium Gluconate Powder can be added to baths for additional absorption through the skin.

***These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.**

Potassium is an important mineral used in various bodily functions. It is an important factor in the maintenance of the body's acid-base balance and nerve conduction, as well as the transfer of nutrients through cell membranes.* Potassium is found in a number of foods, including dairy, fish and other meats, fruits, vegetables and whole grains. Because food processing reduces the levels of naturally occurring nutrients in foods, supplementation may be necessary to insure adequate intake.

SUGGESTED USAGE: As a dietary supplement, take one level teaspoon daily, preferably with meals. Consider taking this product in combination with NOW® L-Tyrosine, Magnesium and Taurine.

Potassium Gluconate

ESSENTIAL MINERAL

100% Pure Powder

- Supports Electrolyte Mineral Balance
- Supports Nerve Conduction*

Net Wt. 1 lb. (454 g)

A Dietary Supplement Vegetarian Product

Supplement Facts
