

The **NEW VPX CARBONX™** is a true metabolic miracle that represents the future of carbohydrate supplementation. Carbonx is a combination of two potent scientific carbohydrate inventions: The **Carbonx Highly Branched Cyclic Dextrin (CHBCD)** & **Carbonx Hydroxypropyl Distarch Phosphate (CHDP)** is the latest chemically altered carb combo in macronutrient science. Why? In part because of its mind-blowing low DE (dextrose equivalent) of '3' along with an ultra high molecular weight / narrow distribution carbohydrate profile. Lower molecular weight starches and sugars remain in the stomach for long periods and draw water and blood away from the muscle and, therefore, decrease performance and cause bloating. Gastric Ultrasonic imaging clearly shows Carbonx's superiority with its super rapid exit from the gut. With Carbonx, you avoid the gastrointestinal (GI) issues characteristic of so many of the other sports drinks and old school waizy maizes. Further, with more carbohydrate exiting your stomach and going to your muscles carrying three grams of water per gram of carbohydrate, the skin stretching pump and hydration is nothing short of astonishing! Using creative scientific engineering, a cyclization reaction utilizing a branching enzyme was used to produce the novel Carbonx invention (**CHBCD**). The other novel carb contained in Carbonx is Hydroxypropyl Distarch Phosphate (**CHDP**) and is also a highly branched starch with an almost 50% greater molecular weight than standard waizy maize, but with a 33% lower glycemic index. The amazing novel Carbonx matrix makes all other insulin-jacking, hypoglycemic, fat-promoting current carb products obsolete. That's right! Remember that carbohydrate is the premier fuel source for your brain and muscles in the gym, on the court or out in the field. **Carbohydrate is also the primary source of fuel for moderate to high intensity exercise.** Unlike other carbs that make you fat, studies show that the greater the dose of CHDP consumed, the more it lowered bodyfat! The research on this super carb matrix is nothing less than mind-blowing. In fact, this super carb improves endurance by up to 78.1% when compared to glucose. Carbonx can be mixed directly into water or combined with your favorite protein shake, preworkout formula, or meal replacement. Imagine the possibility that the more Carbonx you consume, the leaner you become? We are conducting more studies on Carbonx and will keep you posted on our latest scientific advancements.

VPX is #1 in university sports nutrition studies using human subjects. Demand university science— demand the power of VPX's Carbonx!

Gastric Ultrasonograph

Gastric Ultrasonic imaging clearly shows Carbonx's (CHBCD) superiority with its super rapid exit from the gut.

CARBONX™
REVOLUTIONARY SUPER CARB MATRIX™

NATURAL & ARTIFICIAL FLAVORS

NET WT 2.2 lbs. (1025 g)

CARBONX™—THERMOGENIC SUPER CARB MATRIX™

- **INCREASES THERMOGENIC EFFECT OF A MEAL OVER 70%.***
- **INCREASES VO2, RMR, ENDURANCE & FAT UTILIZATION.***
- **INCREASES ENDURANCE 78.1% BETTER THAN GLUCOSE.***
- **SUSTAINED INSULIN RESPONSE / ULTRA LOW GLYCEMIC INDEX.***
- **RAPID GASTRIC EMPTYING / NON-BLOATING.***
- **FAR MORE THERMOGENIC THAN WAXY MAIZE.***

DIETARY SUPPLEMENT

DIRECTIONS FOR USE: CARBONX™ can be mixed directly into water or combined with your favorite protein shake, preworkout formula, or meal replacement. For a great tasting, delicious shake combine one scoop of CARBONX™ in 10 oz of water or your favorite beverage. For added body blend two or three ice cubes with CARBONX™. Always drink 12 to 16 ounces of additional water for each CARBONX™ shake consumed.

* When combined with resistance exercise and a sensible diet. Use only as a dietary supplement. Do not use for weight reduction.

* These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE. Contents sold by weight not volume; SOME SETTLING MAY OCCUR.

Do not purchase if safety seal is broken or missing. Store container between 15°C to 30°C (59°F to 86°F).
