V1

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily with a meal. Consider taking this product in combination with NOW® Prostate Support, Saw Palmetto and Beta-Sitosterol Plant Sterols. Zinc is a mineral co-factor in hundreds of enzymatic reactions related to protein and carbohydrate metabolism, RNA/DNA synthesis, and intercellular signaling. Zinc is essential to the normal function of many organs and systems within the body, supporting healthy immune, skeletal, neurological, and endocrine functions as well as a healthy prostate. Dietary bioavailability of zinc is relatively poor, so NOW® Zinc Glycinate is chelated to improve absorption and bioavailability. NOW uniquely offers Zinc Glycinate in a softgel capsule with Pumpkin Seed Oil as a healthy synergist.*

Zinc Glycinate

SUPPORTS PROSTATE HEALTH

30 mg Albion® TRAACS® Zinc
