Caution: For adults only. Consult physician if taking medication or have a medical condition. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DHA (Docosahexaenoic Acid) is an omega-3 essential fatty acid that is

a major building block of cell membranes. It can be found in high con-

centrations especially in the brain, nerve tissue, and in the retina of the

eye and is therefore essential for the development and maintenance of

these cells and organs throughout life. NOW® Vegetarian DHA is pro-

duced from naturally occurring microalgae via a patented fermentation

process. Vegetarians and people who do not eat fish have a limited

intake of DHA, so the use of NOW® Vegetarian DHA offers an attrac-

tive option in order to achieve optimal intake.*

SUGGESTED USAGE: As a dietary supplement, take 2 softgels

2 to 3 times daily with food. Consider taking these other NOW®

products: Brain Elevate™, Phosphatidyl Serine and DMAE.

200 mg DHA Omega-3 per Softgel
