SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily with a fat containing meal, or as directed by your healthcare practitioner.

HOW IT WORKS: The major biologic function of vitamin D is to maintain healthy blood levels of calcium and phosphorus. Vitamin D supports bone health by promoting calcium absorption and bone mineralization.* Vitamin D also plays an important role in immune function, helps to regulate cell growth and differentiation.*

CAUTIONS/INTERACTIONS: Although the Upper Limit for Vitamin D is 2,000 IU per day, comprehensive research demonstrates that higher dosages are safe. However, this product should be taken under the supervision of your healthcare professional. Vitamin D should be used cautiously by those taking cardiac glycosides and anyone with hypercalcemia. For more information on this product go to www.protocolforlife.com/P0367.

Formulated by doctors and clinical scientists exclusively for licensed healthcare practitioners.
