Resveratrol is a polyphenol naturally found in the skin of red grapes, certain berries, and other plants. Scientific studies have shown that Resveratrol supports healthy cardiovascular function. Resveratrol, especially when combined with other polyphenols, is known for its anti-aging effects, as well as for its ability to support a healthy inflammatory response. NOW® Natural Resveratrol has a comprehensive blend of polyphenols, including natural resveratrol and proanthocyanins (OPCs from grape seed), plus catechins (green tea extract) for powerful cardiovascular protection.*

SUGGESTED USAGE: As a dietary supplement, take 2 capsules daily. Consider taking these other NOW® products: CoQ10, Pycnogenol® and Tru-C Biocomplex™.
