NOW® Ulcetrol™ is a dietary supplement designed to protect and support a healthy stomach lining. Ulcetrol™ contains the patented ingredient, PepZin GI®, which has been shown to provide a defense against damaging assault on the stomach's mucosal cells. PepZin GI® also has the ability to "seek out" and encourage the repair of injured, thinning tissue. NOW® Ulcetrol™ has the additional benefit of Mastic Gum, a natural resin from *Pistacia lentiscus*, a small evergreen tree native to Greece. Mastic Gum similarly supports stomach health, having demonstrated its effectiveness at providing relief of digestive discomfort.*

SUGGESTED USAGE: As a dietary supplement, take 1 tablet twice daily, with or without meals. Taking this product for eight weeks is recommended to achieve desired effectiveness. After eight weeks, take as needed.
