

PerfectSupplements

Cordyceps is a mushroom that has been used in Traditional Chinese Medicine (TCM) for 1500 years. Research indicates Cordyceps has strong potential to increase energy, endurance and strength.

Cordyceps was named one of the best natural energy boosters by Alternative Medicine Magazine. In addition, Cordyceps is an adaptogenic herb, which means, it resists all types of stressors in the body (physical, chemical and biological), and promotes balance.
