

SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily, or as directed by your health-care practitioner.

HOW IT WORKS: Astaxanthin is a member of the carotenoid family derived from Non-GMO *Haematococcus pluvialis* microalgae. Due to its unique chemical structure, Astaxanthin can stabilize cellular and mitochondrial membrane structures and thus protect them against free radical attack originating both inside and outside of the cell.*

CAUTIONS/INTERACTIONS: None known. For more information on this product go to www.protocolforlife.com/P2251

This bottle contains an AGELESS® Oxygen Absorber to ensure freshness. Do not eat packet.
