Do Not Eat Freshness Packet. Keep in Bottle.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

The antioxidant and thermogenic activities of green tea have been extensively studied; however the bioavailability of its active constituents, known as flavonoids, is generally reported to be low. NOW® T-Lean® features GreenSelect® Phytosome, a standardized, caffeine-free green tea extract complexed with phospholipids for enhanced bioavailability. GreenSelect® Phytosome has been clinically tested and shown to support healthy metabolic rate and weight management in those eating a well-balanced diet and getting the proper amount of exercise. In addition, GreenSelect® Phytosome can support the body's antioxidant defense mechanisms to protect against oxidative damage.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule twice daily with food. Consider taking these other NOW® products: L-Carnitine, GLA and Super Cortisol Support.

T-Lean®

WEIGHT MANAGEMENT

Green Tea Extract Phytosome

- Promotes Healthy Body Composition
- Clinically Shown to Aid in Weight Management
