**SUGGESTED USAGE:** As a dietary supplement, take 3 capsules 2-3 times daily, or as directed by your healthcare practitioner.

**HOW IT WORKS:** D-Mannose is a simple sugar that occurs naturally in some plants, including cranberries. Although small amounts of D-Mannose are metabolized by the human body, much of it is rapidly excreted in the urine. In the bladder, D-Mannose can adhere to undesirable foreign particles, preventing them from sticking to the lining of the bladder.\* These particles can then be flushed away during urination. Because insubstantial amounts of D-Mannose are used by the body, it does not interfere with blood sugar regulation.\*

**CAUTIONS/INTERACTIONS:** There are no known drug interactions. For more information on this product go to [www.protocolforlife.com/P2811](http://www.protocolforlife.com/P2811)

Formulated by doctors and clinical scientists exclusively for licensed healthcare practitioners. Manufactured in an A-rated Good Manufacturing (GMP) Certified facility.
