

Nature's Plus® DYNO-MINS® ZINC is an exciting, revolutionary formulation offering peak mineral support:

- **DYNO-MINS ZINC** supplies highest quality Phytavail Zinc from pesticide-free, hydroponically grown plants. Unlike other food grown minerals, Phytavail Zinc is 100% yeast-free.

- **DYNO-MINS ZINC** employs the exclusive Dyno-Mins Dynamic Mineral Transport System. Specific organic transporting agents for zinc, including aminoate, picolinate, aspartate and ascorbate, maximize Phytavail Zinc bioavailability and utilization.

- **DYNO-MINS ZINC** includes rare earth elements that are critical for overall health and well-being.*

- **DYNO-MINS ZINC** contains true organically bound mineral chelates, specially coated with acid-resistant protection for increased absorption in the intestines. Mineral aminoates are brown rice chelates.

- **DYNO-MINS ZINC** enhances Phytavail Zinc absorption and utilization with FOS (fructooligosaccharides). This all-natural prebiotic promotes the growth of friendly intestinal bacteria and helps to maintain a healthy digestive environment.*

Free from artificial colors and preservatives. Free from the common allergens yeast, wheat, corn, soy and milk.

PRODUCT NO. 36671

Vegetarian Yeast Free
