

Clarocet **CS** is designed to provide **Cognitive Support** benefits that last throughout the day.

Independent clinical research has shown that the ingredients in Clarocet **CS** aid in the relaxation of the Central Nervous System (CNS) and positively influence vital neurochemical processes which are associated with healthy brain function. Studies suggest that, with continued use and active participation in a wellness plan, the ingredients in Clarocet **CS** may help to:

- **Relieve everyday stress that contributes to common disruptions to otherwise healthy cognitive function**
- **Promote energy and mental sharpness for up to 8 hours**
- **Support a healthy neurotransmitter balance**
- **Maintain emotional wellness**

Usage Instructions: As a dietary supplement, begin taking one tablet for the first seven days. If, after the first week, you feel it is necessary to take more than a single tablet per day, then you may increase your intake, which should not exceed four tablets taken within a 24-hour period. To ensure a consistent usage schedule, establish a time that is convenient for you.

Clarocet **CS** may also be combined with Clarocet **NRI**, Clarocet **ERT** and Clarocet **PM**.

To maintain product's maximum potency, store in a cool, dry place that is away from direct sunlight.

Supplement Facts

Serving Size: One Tablet
Servings Per Container: 60

	Amount Per Serving	%Daily Value

Sixty (60) Tablets**

Safety Information

A consultation with a qualified healthcare professional is always recommended before adding Clarocet to your Wellness Plan. In certain instances, a person *must* consult with their primary care physician, including pregnant women or nursing mothers, individuals who have been diagnosed with a serious health issue, or those taking prescription medications.

St. John's Wort has been shown to increase certain individuals' sensitivity to UV sources, such as artificial light or natural sunlight. Limit excessive exposures to these sources and wear sunscreen with an appropriate level of SPF for your skin type when outdoors.

Tamper Evident: Double safety sealed with an outer shrink-wrap film and an inner-bottle freshness seal. Do not use if either seal is broken or missing.

Keep out of reach of children.
