SUGGESTED USAGE: As a dietary supplement, take 3 Vcaps® daily with water before meals or at bedtime, or as directed by your healthcare practitioner.

HOW IT WORKS: Ortho Detox™ is a cutting-edge nutritional supplement formulated to support our body's natural defenses against toxic substances that we are exposed to in everyday life, such as pollution or heavy metals.* The nutrients and herbs in this product work synergistically to support detoxification mechanisms, promoting a healthy internal environment.*

CAUTIONS/INTERACTIONS: Based on their constituents, red clover extracts may interfere with hormone treatments, tamoxifen, and anticoagulant drugs. Animal studies suggest that dandelion may worsen the side effects associated with lithium, a medication used to treat bipolar disorder. Based on dandelion root's effect on bile secretion, Germany's Commission E has recommended that it not be used by individuals with obstruction of the bile ducts or other serious diseases of the gallbladder, and only under physician supervision by those with gallstones. Because Oregon grape contains berberine, which has been reported to cause uterine contractions and to increase levels of bilirubin, oral consumption of Oregon grape should be avoided by pregnant women.
