NUTRITION

DIRECTIONS

To assess your tolerance, start by drinking 1 scoop mixed with 12 oz. of water 30-45 minutes prior to intense exercise. Trained athletes or those with high tolerance to strong stimulants might require an extra scoop. **DO NOT EXCEED 3 SCOOPS IN A 24 HOUR PERIOD!** This product contains several synergistic ingredients for energy & alertness, so do not take it within 6 hours of sleep.

DOSING PROTOCOL ACCORDING TO BODYWEIGHT

Under 150 lbs. = 1 scoop with at least 12 oz. of water

150-180 lbs. = 2 scoops with at least 16 oz. of water

Over 180 lbs. = 3 scoops with at least 20 oz. of water

40
scoops

LEGAL WARNING

Do not use this product if you are under 18 years of age, pregnant, nursing, under the influence of alcohol or other drugs, or are taking a MAOI (Monoamine Oxidase Inhibitor) or any other prescription or over the counter medication.

Before using this product seek the advice of a medical doctor.

Do not use this product if you are not determined by a medical doctor to be in top physical and mental condition or are at risk for being treated for any preexisting medical condition. Do not use this product should you have a history or family history including, but not limited to: high or low blood pressure, diabetes, stroke, heart attack, heart arrhythmia, irregular heart rhythm, thyroid, pituitary, liver, kidney, disease/disorder, including difficulty urinating due to an enlarged prostate. Do not take this product if you have a history of seizures, epilepsy, depression, anxiety, or any other psychiatric disease or diagnosis, or if you think you might. Seek the advice of a psychiatric doctor prior to taking this product should you be under the care of one, and show them the ingredient profile of this product when doing so. Discontinue the use of this product and consult your physician should you experience any adverse effects or negative reactions, including but not limited to, lightheadedness, anxiety, restlessness, loss of sleep, tremors, confusion or irritability, blurred vision.

This product contains Beta Alanine which can cause a tingling sensation on the skin. This is normal and will usually lessen within 2 hours. The more you take this product, the less tingle sensation you will notice over time. Users with hyper beta-alaninemia should not take this product.
