SUGGESTED USAGE: As a dietary supplement, take 4 capsules daily, in 1 to 2 divided doses, preferably with food or as directed by your healthcare practitioner.

HOW IT WORKS: Microcrystalline hydroxyapatite (MCHA) is a natural compound that makes up the crystalline matrix of bone and teeth, and is the substance that gives them their rigidity. MCHA is a source of highly absorbable calcium and phosphorus, which are the major mineral components of bone. Bone Support Formula is a comprehensive bone support product providing 2,667 mg of MCHA. It also contains magnesium and trace minerals, as well as vitamins C, D and K2 to aid in the synthesis and maintenance of bone tissue.*

CAUTIONS/INTERACTIONS: The ingredients in this product may interact with a number of medications. In addition, some medications may affect calcium levels. If you are taking any medications, consult your healthcare practitioner about taking this product. For more information on this product go to www.protocolforlife.com/P1228

Formulated by doctors and clinical scientists exclusively for licensed healthcare practitioners.
