

THE ENDURANCE EDGE

Endurance athletes are a unique breed – they thrive in a training zone few dare to enter. Enter MRI EO2 EDGE™ – a breakthrough formula that meets 6 critical factors of endurance head on. The advanced, research backed EO2 EDGE formula incorporates ingredients that may help support:*

- Efficient Fuel for Active Muscles*
- Optimal Blood Flow*
- Natural RBC Support for Peak O2 Availability*
- Muscle Recovery from Training Induced Stress*
- Optimal Muscle Contractions and Increased Time to Exhaustion*
- Restoration of Body-Hydrating Fluids*

ADVANCED NUTRITION FOR THE ENDURANCE “EDGE”

During a marathon, the metabolism in an endurance athlete's body can increase to 2000% above normal, and oxygen utilization may elevate by up to 1500%! Additionally, fluid loss, electrolyte depletion & free radical damage are a constant threat to peak performance.*

EO2 EDGE was expressly developed to address these endurance factors and more. EO2 EDGE delivers a Tri-Source energy blend, supports improved oxygen transport and utilization, boosts ATP energy, offers nitric oxide boosting exercise extenders (NBEE), and provides key electrolytes.*

EO2 EDGE is the ideal choice for pre, intra, and post-performance fueling to meet the demands of high-intensity, long duration bouts of exercise and competition. Push your mental and physical limits with EO2 EDGE.*

THE NITRIC OXIDE CONNECTION

EO2 EDGE features nitric oxide (NO) elevating ingredients for a truly novel approach to endurance support. NO is a powerful regulator of optimal circulation and nutrient delivery to working muscles. However, NO may play an even greater role in endurance-specific performance.* Emerging research reveals that NO plays a key role in regulating endurance muscle power, may help extend the time to exhaustion during exercise, and may help alter the oxygen (O2) cost of exercise (support improved VO2 Max).*

ENDURO TRI-ENERGY COMPLEX

As the Enduro Tri-Energy Complex releases exercise fuel, research backed nutrients promote nutrient-delivering blood flow, oxygen transport and energy-yielding ATP production. Next, advanced ingredients and electrolytes support cell hydration and counter the effects of free radicals. These factors help fuel the endurance extending, fatigue-fighting power of EO2 EDGE.*

DIRECTIONS AND SUGGESTED USE:

Mix 1/2 scoop with 8 - 10 oz of water before exercise and sip every 15 - 20 minutes thereafter.

For every 8 - 10 ounces of water, please use 1/2 scoop.

STIMULANT FREE

EO2 EDGE™

ADVANCED ENDURANCE OPTIMIZER*

CLINICALLY TESTED INGREDIENTS

COLA

- ✓ Enduro Tri-Energy Complex for Sustained Energy & Endurance*
- ✓ Supports Optimal Circulation and Oxygen Utilization*
- ✓ Drives Nutrient Fueled ATP Production*
- ✓ Replenishes Electrolytes Lost During Training*
- ✓ Restores Fluid Balance*

DIETARY SUPPLEMENT

NET WT. 300 G

MRI
ENDURANCE

SUPPLEMENT FACTS

Serving Size 1/2 scoop (15 g) Servings Per Container 20

Amount Per Serving
Calories 40

	AMOUNT PER SERVING	% DV**
Total Carbohydrates	10 g	3%
Sugars	3 g	**
Vitamin C (as Ascorbic Acid)	60 mg	100%
Vitamin D ₃ (as Cholecalciferol)	400 IU	100%
Vitamin E (as Acetate)	30 IU	100%
Vitamin B ₁ (as Thiamine Mononitrate)	2 mg	133%
Vitamin B ₂ (as Riboflavin)	2 mg	118%
Vitamin B ₆ (as Pyridoxine HCl)	10 mg	500%
Folate (as Folic Acid)	200 mcg	50%
Vitamin B ₁₂ (as Cyanocobalamin)	100 mcg	1,667%
Biotin	150 mcg	50%
Phosphorus (as Disodium & Dipotassium Phosphate)	40 mg	4%
Magnesium (as Magnesium Citrate)	10 mg	3%
Zinc (as Zinc Oxide)	20 mg	133%
Chloride (as Sodium Chloride)	180 mg	5%
Sodium (as Sodium Chloride & Disodium Phosphate)	150 mg	6%
Potassium (as Dipotassium Phosphate)	45 mg	1%

MRI Advanced 5X Endurance Booster 12,120 mg **

Advanced EnduroCarb Tri-Energy Complex: 8,750 mg **
Maltodextrin, Fructose, Medium Chain Triglycerides, Glycerol Monostearate

Muscle Endurance Factor Complex: 2,250 mg **
Taurine, Malic Acid, N-Acetyl-L-Cysteine

EO2 HemoFactors ATP Amplifier Blend: 1,120 mg **
CarnoSyn® Beta Alanine, L-Arginine Alpha-Ketoglutarate, L-Glycine, Glucuronolactone, Citrulline Malate, N-Acetyl L-Carnitine Hydrochloride

*Percent Daily Values are based on a 2,000 calorie diet. **Daily Values not established

Other Ingredients: Natural and Artificial Flavor System (Cola), Maltodextrin, Silicon Dioxide, Sucralose, Natural Caramel Color.

No: Milk, Eggs, Wheat, Soy, Gluten, Fish, Shell Fish, Nuts, Tree Nuts
